Description

Introducing the stunning Alpha Alfresco 125, a remarkable motor yacht from 2020 that embodies luxury and performance. With an impressive overall length of 125 feet, this vessel offers ample space for relaxation and entertainment. Crafted from durable fiberglass, the hull ensures a smooth and stable ride, perfect for cruising the beautiful seas around world. The Powered by twin Caterpillar C18 engines, each delivering 1050 hp, this yacht achieves a cruising speed of 12 knots and a maximum hull speed of 14.8 knots, allowing for exhilarating journeys. With a remarkable range of 2300 miles, you can explore far and wide with confidence. Accommodating up to five cabins and six heads, the interior is designed for comfort and convenience. The Alpha Alfresco 125 is a true gem for those seeking adventure and elegance on the water, making it an exceptional choice for discerning yacht enthusiasts.

Propulsion & Technical Systems Powered by twin **CAT C18 engines (1,015 HP each)**, this yacht delivers a formidable total output of 2,030 HP. Engineered for high performance and reliability, these engines ensure a smooth and powerful cruising experience with exceptional fuel efficiency.

Stabilization & Maneuvering: Equipped with **CMC Marine Electric Zero Speed Stabilizers** to eliminate roll at anchor. Includes an upgraded **60HP bow thruster** for precision handling.

Power Generation: Reliable energy via **dual CAT 4.4 marine generators** (Port: 6,689 hrs / Starboard: 6,580 hrs), supported by high-capacity gel batteries and a dedicated charging system.

Climate Control: A high-performance **CruiseAir AC system** providing 240,000 BTU for total onboard comfort.

Electrical Engineering: Features a **Cantalupi Dual Input Shore Power Isolator** for seamless and secure shore connections.

Main Deck Highlights An expansive, light-filled layout where floor-to-ceiling windows and premium finishes create a seamless connection with the ocean.

Salon & Dining: Plush social lounge flowing into a formal dining area for 12, featuring retractable glass walls for an indoor-outdoor experience.

Gourmet Galley: A high-tech culinary space designed for world-class service, strategically located for efficiency.

Accommodations: A private en-suite twin cabin, elegantly appointed for guest comfort.

Aft Lounge: An open-air retreat designed to capture panoramic views and the sea breeze.

The Flybridge: A 1,180 sq. ft. Oasis This expansive outdoor deck redefines alfresco living, blending luxury and functionality with unrivaled panoramic views.

Relaxation & Comfort: Located at the bow, a **custom heated plunge pool** with umbrellas offers a private sanctuary overlooking the sea.

Entertainment: A fully equipped bar with seating and multiple **Sunbrite TVs** (up to 65”) creates the ultimate social hub for any occasion.

Outdoor Dining: A formal table for 12 and an electric BBQ station, supported by professional amenities including a Hoshizaki ice maker, freezer, and refrigerators.

Design & Finish: Premium teak decking flows into an integrated aft patio, featuring triangular shading systems and cockpit enclosures for enjoyment in any weather.

Key Features:

Custom plunge pool with hand-held shower.

3 Sunbrite TVs optimized for outdoor viewing.

Helm station with ergonomic Besenzoni seating and alarm repeater screen.

Premium Furnishings: Dual teak tables and high-end integrated finishes.

AccommodationsThe **ALPHA ALFRESCO**hosts up to 12 guests in 5 luxurious cabins (1 Master, 2 VIP, and 2 Twins), each meticulously crafted with premium materials for a restful retreat.

Master Suite: Features electric curtains and blackout shades for effortless privacy, plus dual silent fan coil units for whisper-quiet climate control.

VIP & Guest Cabins: Elegantly appointed with manual blackout shades and folding beds in the twin rooms to maximize capacity.

Premium Comfort: Every cabin is equipped with spring memory foam mattresses, ensuring a superior sleep experience across all accommodations.

Deck Equipment & Systems

Hydraulic Platform: 1,000 kg (2,200 lbs) capacity; accommodates tenders up to 16ft.

Security & Monitoring: Comprehensive CCTV system with cameras in the cockpit, flybridge, engine room, and bilge area.

Connectivity: Pre-configured for VSAT and TVRO satellite integration.

Anchoring & Mooring: Heavy-duty oversized anchor/chain plus a second full windlass system; includes 6 Hypalon inflatable fenders.

Durability: Full stainless steel rub-rails for added protection and style.

Laundry: Professional setup with dedicated washer, dryer, and an additional combo unit.

Engine Room & Auxiliary Systems

Environmental & Water: Tecnicomar eco-friendly sewage treatment plant and an upgraded **Idromar watermaker** (370 L/h).

Air Quality: Cruisair fresh air make-up unit and integrated air purifier for optimal onboard climate.

Redundancy & Reliability: Double **RACOR filters** for both main engines and generators; spare seawater recirculation pump included.

Technical Provisions: Pre-installation (predisposition) for **Alfa Laval** systems and exhaust separators for both generators.

Compressed Air System: Dedicated unit with outlets in the engine room, garage, and foredeck chain locker for maintenance and equipment inflation.

Audio, Video & ConnectivityEntertainment Systems

Main Saloon: Samsung 85” TV, Mac Pro Video Server, Apple TV, and a premium KEF 4-speaker surround system with a JAMO subwoofer.
