

COBALT BOATS
EXPERIENCE EXTRAORDINARY

R35

R35

R35

Command the Water.

Sophistication In A Size

That Welcomes You Aboard.

The new standard in day boats has arrived. The largest and most advanced of our R-Series, the R35 delivers everything you might expect – luxury materials, stand-out ride, thrilling performance – and then some.

With its unmatched 35' 4" LOA and 10' 10" beam, the R35 Sterndrive delivers even more size, comfort and convenience, while incorporating the elegantly sleek lines, agile handling and thoughtful amenities that are standard with every Cobalt. An inviting space for boating with family and friends, the yacht-certified R35 is also equipped with a mix of advanced features that add to your enjoyment.

Powered by your choice of Volvo or Mercruiser twin engines, the R35 Sterndrive is impressively fast and capable. Popular Cobalt features like Harman Kardon audio, a side entry door, Seakeeper gyroscopic stabilization, electric folding tower and sunshade, and our patented Splash & Stow inflatable system are joined by such all-new options as Helm Watch, which gives your guests direct access to charts and cabin controls, and a patent pending space-saving, pop-up galley that deploys at the touch of a button.

The large cabin accommodates both seating and a full-beam, queen-sized mattress, an optional built-in smart TV and a wealth of ultra-fast USB-C charging stations and cupholders help you anticipate your passengers' entertainment needs.

When you're ready to step up to the top of the line, the R35 is ready for you.
