COBALT

CS23 SURF

## Experience the Thrills...

In Luxury and Style.

A seamless fusion of cutting-edge design and performance, the CS23 Surf has been engineered to deliver all the goodness of the CS Series while catering to those who crave the rush of the waves. A perfect introduction for newcomers to family boating, the CS23 Surf lets you add adrenaline to your mix of shared experiences.

Along with its hand-crafted Cobalt construction and its many luxury features, the CS23 Surf offers families a unique water-sport opportunity via the Cobalt Surf Gate™ system. Merging with the smooth Volvo Penta FWD powertrain, Surf Gate delivers perfectly shaped waves – and perfect surfboard and wake-board rides – on either side of your CS23 Surf.

Its 23' 5" LOA and 8' 6" beam offer plenty of room for people and their watersports gear, and the CS23 Surf's many amenities include a Zenith Tower with standard Elite board racks and tow balls. At the helm, dual Garmin displays are also standard, while unique CS Surf badging and gel-coat colors help set you apart.

With the CS23 Surf, you and your family can fuel your memory-building in the way you choose, from 10-mph wake surfing to pulse-pounding, heart-racing thrills.
