

COBALT BOATS
EXPERIENCE EXTRAORDINARY

R33 OUTBOARD

R33 OUTBOARD

Bigger. Better. Faster.

Luxury never felt so exhilarating.

To provide day boaters with even more comfort and room, Cobalt presents an outboard 33-footer hybrid bowrider with mid-cabin – The R33 Outboard.

Offering sleek lines, agile handling, superb performance and advanced appointments, the R33 Outboard – the running mate to the R33 Sterndrive – is another yacht-certified example of bigger being better and faster: Driven by up to three Yamaha or Mercury outboard engines generating up to 900 horsepower.

The R33 Outboard continues Cobalt's trend toward contemporary design, with its deeper cockpit and greater freeboard, which in turn enable a more spacious interior and larger bow and cockpit areas. Along with such standard amenities as a Garmin glass cockpit with multiple touchscreen displays, ultra-fast USB-C charging stations, 42 (!) cup holders, a wealth of storage space, and a cabin that accommodates sleeping as well as seating, the R33OB offers the option of a side-entry door to make dockside access more convenient. Unique to the R33 series is the industry's first Harman Kardon premier marine audio system with Digital Signal Processing – a Cobalt exclusive – and a Seakeeper gyroscopic stabilization system.

Along with innovative technology to enhance the day boating experience in any type of water, the R33 Outboard features advancements in design, luxury, convenience and overall performance. Offering coastal and ocean boaters the chance to enjoy a smooth, stable ride and triple-engine power in a high-quality Cobalt package.

R33 OUTBOARD

Advanced Capabilities.

Customer-Inspired Innovation.

Inspired by and for our discerning customers, Cobalt has always sought to more performance, more luxury, more comfort and, above all, a more memorable boating experience.

In keeping with this goal, Cobalt has since its inception set the standard by which day boats are measured, to help ensure that your time on the water is everything you expect it to be. Here are just a few of the many thoughtful advances we've pioneered:

- ☞ The Cobalt side-entry door, introduced on the R33
- ☞ The first boat brand to offer a Harman Kardon audio system, introduced first on the R33
- ☞ The new Seakeeper for Cobalt, the industry's best-in-class gyroscopic stabilizer that eliminates 95% of boat roll
- ☞ A dedicated storage pod for a Yamaha Seascooter underwater propulsion unit
- ☞ The Cobalt flip-up seat bolster, for better views over the windshield
- ☞ Cobalt's advanced bimini top adjustment system of stainless steel poles and a built-in turnbuckle, to eliminate the need for cumbersome fabric straps

Bigger. Better. Faster.

Luxury never felt so exhilarating.
