R35 OUTBOARD

## Premium Size, Outboard Power.

Welcome Aboard Our Top-of-the-Line Outboard.

The new standard in outboards has arrived, courtesy of the largest and most advanced of our R-Series, the R35 Outboard. Combining advanced design and technology and with consummate comfort and luxury, the all-new R35OB gives you more thrills with every cruise.

Its 35' 4" LOA and 10' 10" beam offers the capacity to accommodate a full complement of family and friends while incorporating the elegant lines, smooth ride, agile handling and thoughtful amenities that come standard with every Cobalt. Powered by your choice of up to three Yamaha or Mercury engines, the impressively fast, yacht-certified R35 Outboard is also equipped with a mix of advanced features that only enhance your boating pleasure.

Popular Cobalt firsts like a Harman Kardon audio system that's acoustically tuned to your boat, Seakeeper gyroscopic stabilization, and the built in electric sunshade, are joined by such all-new options as the aft Tender Garage, Helm Watch, which gives your guests direct access to charts and cabin controls, and a patent pending space-saving, auto-deploy galley that deploys at the touch of a button.

The large cabin accommodates both seating and a full-beam, queen-sized mattress, an optional built-in smart TV and a wealth of ultra-fast USB-C charging stations and cupholders help you anticipate your passengers' entertainment needs.

When you're ready for premium size with outboard power, the new R35 Outboard is ready for you.
