Description

The A24 is the biggest boat in the Axis line and produces the best wakes and waves on the water so your summer just got a lot bigger and a lot more fun. The A24 leaves no one at the dock with a spacious pickle-fork bow, plush seating for 18 and an additional 4 inches of freeboard to create deep, increased storage for all their gear. The A24's interior is pure function with cup holders, Soft Grip flooring, rear-facing Chill-Ax seating, a built-in trash can and high-end Wet Sounds audio. The helm combines the best of both worlds with an intuitive and streamlined user experience.
