Manufacturer: Mercruiser	Model: 4.3L MPI V6	Approx Hours:	Fuel Type: unleaded
Engine Type: 220 horsepower			

Description

The Lancer 20 is the only 20-foot boat in the industry with a standard V-6 configuration that gets up on-plane in less than 3 seconds and runs in the mid-50s in open water. It is available with a choice of engine options up to 270 hp with the V-8 configuration. Its impressive agility makes this a great boat for water-skiing or wake-boarding.
