Heads: 9	Water Capacity: 1135 gallon	Dry Weight:	Hull ID (HIN): VEN10204G020
Engine 1			
Manufacturer: Caterpillar	Model: C12	Approx Hours: 3873	Fuel Type: diesel
Engine Type: 1000 horsepower			
Engine 2			
Manufacturer: Caterpillar	Model: C12	Approx Hours: 3873	Fuel Type: diesel
Engine Type: 1000 horsepower			

Description

Alpha Yachts ignored all preconceived compromises to create a yacht that is simply incomparable to all other yachts in her size range. As Giorgio Cassetta, designer of the Spritz 102', eloquently states, "To design the Spritz 102', we had to mute our instincts and approach the paper sheets with a rediscovered ingenuousness, that which is crucial to truly innovate."

In regards to the exterior design of the Spritz 102', the experts at the Giorgio Cassetta Design Studio state, "we challenged every notion hitherto acquired in our experience with exterior styling and laid out lines and volumes previously unseen, all while abiding to the core request from the brand, which was, 'Make everything comfortable, make everything right.'" This ingenuousness lent itself to the creation of the Spritz 102' hull design which, combined with light weight composite construction, allows for a shallow draft of just 6'3" feet, so adventurers can

access the best anchorages and cruise in their favorite destinations across the globe.

On an Alpha Yacht, your comfort is never compromised. The layout of this model has been expertly maximized; the twin rooms feature double closets and over 3 foot wide beds, the VIPs come with king-size beds and the owner's apartment is 130-square-feet. The large open spaces, extensive refrigerators, ample storage, and a sundeck that can seat up to 50 people are ideal for family togetherness.
